A non-refundable annual registration fee for the school year (Aug-May) is due and payable upon enrollment prior to beginning services. If not paid by the assigned due date, the enrollment slot will be released. Each subsequent school year, the registration fee is due by August 1st for the upcoming school year. The fees are \$125.00 per child or \$175.00 per family. If enrolled after September 1st the registration fee would be prorated for the remainder of the school year.

Children ages one year to twelve years old will be required to pay a summer enrichment registration fee at the beginning of each Summer if there is a specialized summer program being offered at the facility. If the specialized summer program is being offered, there is no option to opt out if attending the facility. This fee covers all internal and external field trips, materials and supplies for enrichment programs offered to your child at the Center.
